## BRIEFLETS.

Shaky weather.  
Protect the plants.  
Brace up for a chilly embrace.  
The excursionists are struggling here.  
The police court is as void of news as a Greenback speech.  
The Odd sort of Fellows of Lodge No. 14 will meet to-night.  
The Providence club defeated the Milwaukee yesterday 7 to 6.  
The Young Men's Christian Association hold a regular meeting to-night.  
Turn out and see Ward pitch next Friday, in the Providence-Mutual game.  
Jack F. was prowling around among the gardens last night, but did little damage.  
Barnes' meat market has been safely landed on its new site, and didn't take a tumble to itself after all.  
Hon. Willard Merrill, Secretary of the Northwestern Life Insurance Company, of Milwaukee, is in the city to-day.  
The Chicago Times last Saturday published a poem about the cow in Janesville which gave the city and its officials some sharp digs.  
The stores will soon be set up, and Moody and his great work will be forgotten if the joints of the store pipe don't go together easily.  
The school children are settling down to work, and by the close of another day or so will begin to look forward to another vacation with deep longing.  
While the men were hunting about for their overcoats this morning, Milwaukee street bridge put on a thin white jacket. Jack Frost was the tailor who made it.  
The threshing machines in this vicinity seem to be down on the newspapers for some reason, and are not furnishing the usual number of items. Few accidents thus far.  
Mr. Don Patterson and wife, of Chicago, are now the guests of Hon. H. A. Patterson and family. Mr. Don Patterson is connected with the Chicago & Eastern Illinois railroad.  
Two saloonists have had papers served on them for selling intoxicants on Sunday, and like charges are threatened against others, ere the sun rises and sets many more times.  
Miss Nellie Hunt left for Appleton today to resume her course at Lawrence University. Besides her own studies she will be engaged in teaching some of the preparatory classes.  
The farmers in this vicinity are working until late at night getting their tobacco out of the way of the frost. There is no danger of fine cut being smitten, especially if kept in a tin box in the hip pocket.  
Providence is to favor Janesville next Friday. No one should miss this chance to see Johnny Ward and his fellow of this strong nine. The Mutuals are strongly enough to keep the score down to a close thing, anyway, even if they do not win.  
Phillip A. Lee, of Detroit, who was formerly engaged in the jewelry business here with his brother-in-law, James A. Webb, and who has many friends and acquaintances in this city, is now visiting here, and is warmly welcomed back.  
The street sprinklers are not at all times content with laying the dust, but are so generous with their water that in places the streets are really muddy. Some complaint is made on this account. In most cities the complaint is of an exactly opposite nature.  
The Wisconsin Methodist Conference convenes at Port Atkinson the first of October. A change will then be made in the pastorate of the First Methodist church of this city. Rev. Mr. Clithero having served his three years. The church folks begin to inquire as to who will be the coming man.  
Mr. W. A. Lawrence has been confined to his house for several days on account of illness, but today was so far recovered as to be able to ride out. The illness came at a very inopportune time as it prevented him from attending the funeral of Mrs. Emerson, a sister of Mrs. W. A. Lawrence, who died at Stoughton a few days ago.  
Schoolboys are the same the world over, judging from the experience of one of Janesville's lads when compared with the following related by the Burlington Hawkeye, but the Burlington boy has somewhat the advantage, as he got his story into print first:  
"A boy on West Hill started to school the opening day of the term, and before he was five blocks from home he landed a dog, lost his geography, scared a horse, broke his slate, and had three fights. Times are looking up."

Concentrated force is what accomplishes wonders. A little green apple, not so big as a base ball, will double a boy fourteen years old up so close and tight that it will take a mustard plaster as big as a watermelon three times to straighten him out.—Burlington Hawkeye.

One of Janesville's sons has been struck with the same idea, and strangely enough expresses it in exactly the same language, though several days later.

The President and Rarus are the great attractions at the Minnesota State fair at St. Paul, and the question of the hour by the assembled spectators is, "Which is Hayes and which is Rarus?" In addition to the President of the United States, the Hairy Child, the Fat Woman and the Live Snake are also on exhibition.—Burlington Hawkeye.

It was not for the fact that the Burlington will penned the above several days ago, we should think he must have taken it from one of our city papers.

## THE WEATHER.

The thermometer at 7 o'clock this morning tumbled down to 45 degrees above and at 2 o'clock this afternoon stood at 62 degrees above. Cloudy. A slight frost last night which did little or no damage. One year ago to day at corresponding hours the thermometer stood at 55 and 78 degrees above.

The indications to-day are, for the upper lake region, clear or partly cloudy weather, colder northwesterly winds and rising barometer, possibly followed in the north and west portions by falling barometer, and warmer south and east winds.

The signal service bureau announces

that frost will generally occur to-night in the Ohio valley and lower lake region, and on Thursday night in the Middle States and New England.

## A BIG GAME.

Johnnie Comes Marching Home Again Next Friday Bringing the Best of the Providence Boys with Him.

When Johnnie Ward came to Janesville last season, the Mutuals were in a sadly demoralized condition, but his excellent pitching and hard work all around, not only placed them on an equal footing with professional clubs generally, but served to make John the greatest favorite that ever came to Janesville, and he has had precisely the same experience in the Providence club this season. Joining them on June 18th, when they were at the foot of list in the race for the League championship, they have rapidly risen to third place and there is no telling where they would get if the season was not so nearly ended. The general desire on the part of our citizens to see him in his old position on our home diamond once more has resulted in the arrangement of a game for Friday, September 13, which will be the attraction of the season. In order to have everything done up in as good shape as possible, the game will be umpired by Billy McLean, of Philadelphia, who accompanies the Providence club on their trip and receives \$25 a week for his services as League umpire. The Mutuals will have a strong nine, and Burdick's pitching may prove a little troublesome to the heavy hitters of the Providence club.

## A KNIGHTLY VISIT.

Most of the Knights of Pythias have returned from the Milwaukee trip, some of them having arrived last evening by special train sent to Milton to meet them, and others by a special train sent this morning, while a few stragglers are yet to report. They express themselves as most highly gratified at the generous treatment given them by their brother Knights of Milwaukee. On arriving at the depot at Milwaukee they were met by those Knights who had arrived before them, and the procession marched to the Court House where the Mayor received the visitors with a very hearty and handsome speech of welcome. The Knights then continued their street parade marching in all about six miles when they were hungry and tired enough to do ample justice to a collation served in the Milwaukee Gardens. Sixty carriages were placed at the disposal of the visitors and they drove out to many points of interest in and about Milwaukee, the chief of which was the Soldiers' Home, which most of the Knights visited. In the evening a sumptuous banquet was served, which was followed by toasts, happily responded to by various prominent members being Mr. Kutchin, of Fond du Lac, who is the highest officer of the order in the State, George Peck, of the Milwaukee Sun, and Mayor Philip Norcross, of this city. J. P. Williams, of this city, favored the banquet with a fine base solo. The Janesville Knights are loud and lengthy in their compliments of the courtesies received by them, and of the general enjoyment of the trip.

## A BUTT FOR BUTTER-KNIVES.

Janesville has a liverman whose popularity is only exceeded by the avidity with which he is said to have invested \$5 in a pewter butter-knife, which a traveling vender one circus day was passing out to the crowd which surrounded his wagon, expecting that he would afterwards return the money as he had in his sales of other articles. He found also that all is not silver that glitters, and the joke was too good a one to be allowed to rest, especially as the victim was one who is thought to be well-up in all the ways of the world. Yesterday afternoon the liverman received a package from the express office with a \$1 C. O. D., attached thereto, and sent from Dayton, Ohio. In the innocence of his heart he thought it was some merchandise sent by parties there with whom he had dealings, and paying the charges, he hurriedly tore off the wrappings, pulled away the coverings of tissue paper, and found coiled therein, a mammoth tin butter knife, duly inscribed. He hurriedly gathered up the wrappings and tumbled the package into his desk, quietly remarking that "it was something for the house," and hastened to evade the queries of by-standers by jumping into his buggy and starting for home. He is now around with a club hunting for the fellow that told his Dayton friends that he needed a butter-knife.

## ROBBINS ON THE ROAD.

Advices from Burr Robbins' Allied Shows state that the canvass is literally packed with people every afternoon and evening, and the only trouble is that the tents are not large enough to hold the crowds. Mr. Robbins is meeting with greater success than ever before. The show moves along sometimes thirty miles without seeing anything but sod-houses and yet when the tents are pitched the people pour in for miles around and crowd every foot of room. The route now laid out in Kansas is as follows, after completing which the push will be still made to the westward:  
September 12—Belleville.  
September 13—Concordia.  
September 14—Clyde.  
September 15—Clay Center.  
September 16—Abilene.  
September 17—Solomons City.  
September 18—Minneapolis.  
September 19—Depos.  
September 20—Belleville.  
September 21—Belleville.

## SAM AND PETE.

Now is the time to see it that your feet are well protected. It may save a heavy dollar's bill, and will surely save warm. As will be seen by a notice given in another column Sam & Pete are selling boots and shoes at prices which are creating havoc among those who want to get big profits on their goods. They do a C. O. D. business, but never "cad" any one, but give good goods at panic prices. They have sounded their war whoop, and want all the people to hear it. Their

place of business is easy to find, it being next door to McKee's, and no one should fail to improve this opportunity of looking after the interests of their soles. The goods and prices tell their own story and tell it in all languages at the same time. Look over their stock and be convinced for yourself.

## THE GATHERING OF GREENBACKS.

On Saturday evening our Greenback friends held a meeting at Union Hall, Deacon Wooster held the gavel and introduced the speakers. Hon. C. H. Parker, of Beloit, who imagines he is running for Congress was first trotted out and made some harmless remarks, but the heavy talking was done by the irrepressible Stewart of Greenback, Spiritualistic and Communist fame. We think it safe to say that had a premium been offered for the orator who in given a time could vomit the most words with the least sense attached to them that any fair minded and impartial committee would have awarded him the blue ribbon. This harangue was weak re-bash of the fallacious arguments of the French paper money inflationists who caused so much misery and ruin in France in the years 1790 to 1796, and of such modern apostles of irredeemable currency and communist ideas as Sam Cary, Dennis Kearney, and Ben Butler. Our best judgment is that such efforts are beneficial to the honest money interests.

Clinton, Sept. 10.

## They are Wonderful.

There is magic in their touch, making some of the most remarkable cures on record. Consultations are free. Call upon Drs. Williams & Forden, Davis house.

## MILTON.

—Doubleday's Opal and Resolute and Fuller's Jim Lupo, a pair of trotters, were shipped to Madison from this station Monday.

—Mrs. Perry Sweet took the midnight train Monday for Chicago and the east, where she will visit friends.

—A large number of our villagers shook hands with the President on Tuesday.

—A young lad named Reynolds, eleven years of age, was brought before Justice Clarke on Monday, by his guardian, Mr. Stillman, of Lima, as a candidate for the Waukegan Industrial school. After hearing the evidence the court decided to send the youngster up and Consable Davidson, took him to Waukegan Tuesday. This same boy robbed Mr. Louden, of Janesville, while in his employ.

Tobacco growers are hauling their crops as fast as possible, fearing a visit from J. Frost Esq.

## LOCAL MATTERS.

Books and Goods will always find the nicest and cheapest Box and Staple Stationery in the city and Sutherland's Bookstore, No. 29 Main street.

## A CARD.

To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, etc., I will send a recipe that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the Rev. J. T. INMAN, Station D, Bible House New York City.

## Liver to King.

The liver is the imperial organ of the whole human system, as it controls the life, health and happiness of man. When it is disturbed in its proper action, all kinds of ailments are the natural result. The digestion of food, the movements of the heart and blood, the action of the brain and nervous system, are all immediately connected with the workings of the liver. It has been successfully proved that Green's August Flower is unequalled in curing all persons afflicted with Dyspepsia or Liver Complaint, and all the numerous symptoms that result from an unhealthy condition of the liver and stomach. Sample bottles to try, 10 cents. Postively sold in all towns on the Western Continent. Three does will prove that it is just what you want.

## If Baldness or a Deficiency of Hair.

Exists, or if the hair is gray, dry or harsh, the natural youthful color can be restored by using "London Hair Color Restorer," the most delicious article ever introduced to the American people for increasing its growth, restoring its natural color, and at the same time a lovely hair dressing and beautifier. It is totally different from all others; not sticky or gummy, and free from all impure ingredients that render many other articles obnoxious; in fact it is exquisitely perfumed and so cleanly and elegantly prepared as to make its use a luxury. It is sold by all druggists.

## J. A. TYNES, A PROMINENT CITIZEN.

WILSON, N. C., writes: Some ten years ago my wife's hair commenced falling, and got very thin and turned gray; but after using "London Hair Color Restorer" the scalp became healthy, the hair stopped falling, the color was restored, and is now growing beautifully.

## Excelsior Heat.

And wholesome diet at this season of the year may speedily carry you to the grave. Parker's Ginger-Tonic, by its corrective action on the entire digestive apparatus, will not only unfailingly cure Dyspepsia, Dysentery, Cholera, Cholera infantum, Colic, Cramps, Spasms, etc., but will prevent these dangerous disorders from attacking the system. It may save your life, and should always be kept in the house. This pleasant remedy is unequalled for soothing children, nursing mothers. Possessing many medicinal virtues of other valuable roots, it is far superior to Essence of Ginger, without their constipating effects, and while more invigorating than Rhubarb more intoxicating, nor creates any desire for stimulants. It cures Dyspepsia, and the varied symptoms of Headache, Nervousness, Palpitation of the Heart, Watkiness, Sour Stomach, Costiveness, Liver Disorders, Furred Tongue, Low Spirit, Neuralgia, Rheumatic Pains, enables you to enjoy the fruits and vegetables of the season without fear, and gives comfort after a hearty meal. Buy a \$1.00 bottle of your druggist, A. J. Roberts, or a sample bottle at 15 cents, and test its extraordinary merits.

## "The First Dose Gives Relief."

Try Bottles Dr. Swayne's Compound Syrup with Cherry, 35 Cents.

and lung disorders, Asthmatic or Bronchial affections, Hooping Cough, Liver Complaint, Blood Spitting, etc., no remedy is so prompt and effective as "Dr. Swayne's Compound Syrup of Wild Cherry."

"I have made use of this preparation for many years, and it has proved to be very reliable and efficacious in the treatment of severe and long standing coughs. I know of two patients, now in comfortable health, and who but for its use consider would not now be living."  
DR. S. H. BERRY, M. D.  
Stratford, Berkshire, Pa.  
Price:—Trial bottles, 25 cents; large size, \$1.00 or six for \$5. A single 50 cent bottle will often cure a severe cough of cold, and thus prevent much suffering and risk of life. Prepared only by Dr. Swayne & Sons, Philadelphia. Sold by leading Druggists.

## DIED.

TREAT—At West Point, Va., August 16th, 1918, Mrs. ELIZA TREAT, widow of Mrs. Norman Carrier, of the Town of Center, Rock county, Wis., deceased, of typhoid-gastric fever, after an illness of six weeks.

She was widely known, and respected, having come to this place many years since. Her death is felt by all, and many of our residents, both black and white, have each some kindred friend or member of her, for her willing hands were ever ready to minister to the wants of the miser and suffering. She was firm in principle, ever as ready to remove wrong doing as to encourage the right, never dipping from her duty, and a staunch friend, those who knew her best missing her the most.

Our worthy friend, Mr. Treat, has the sympathy of all in this his bereavement, and the children who are motherless, just as they are reaching life's brightest period and need her most, we commend to the care and guidance of "Him who doeth all things well." The aged Christian mother, who has been the object of kind care and loving attention from the deceased, has put all her trust in her Saviour, who will doubtless soon call her hence, to join the daughter in the home beyond.

Had Mrs. Treat lived a few days longer, she would have been 57. She had been married nearly 25 years, and the mother had lived with her nearly 25 years.
